## INTERNATIONAL MINISTRIES OPEN BIBLE CHURCHES

Vince McCarty, Executive Director

July-August 2010

### ☞ **Mighty Move of God During 2009** ☞

We rejoice to report the ministry results through Open Bible during 2009:

|  |         |
|--|---------|
| People who accepted Jesus as Savior                | 176,778 |
| People who were baptized in water                  | 11,970  |
| People who received the baptism in the Holy Spirit | 6,838   |

These are the wonderful results of Open Bible ministries in 44 countries among 1,618 Open Bible churches, 161,551 members, and 1,999 ministers. Over 10,000 students are studying God's Word in Bible schools and the INSTE program.

### ☞ **The Lord's Healing Touch in Kenya** ☞

Field Director Patrick Okumu shares the testimonies of several healings that have taken place after teaching God's Word on divine healing. Mary, who suffered from typhoid for six years, was instantly healed. Jennifer, who had diabetes for seven years and had visited the hospital many times, believed the Lord and was healed. Mary, who had been blind for three years, was miraculously healed. Patrick states that others were healed from effects of strokes and hypertension disease. Praise God for His mighty power to heal.

### ☞ **God is Moving in St. Vincent** ☞

Field Director Conroy Jack reports that in their five cell group meetings several people have received Christ as their personal Savior. They are also organizing several groups of believers to witness the gospel to friends and neighbors. We praise God for these good results.

### ☞ **Youth Impact Mexico** ☞

Thirteen members of the Master's Commission students from Spokane, Washington, led by Josh Stelly, were in Guadalajara, Mexico, from May 19 to 27. The team evangelized in the streets, did drama, served at youth camps, held sports activities, showed Christian films, ministered to children, and participated in ministry at Open Bible churches. Several people received Christ and lives were changed by the Lord.

### ☞ **INSTE Bible College** ☞

Drs. Nick and Leona Venditti report a Spirit-anointed INSTE Bible College (U.S.) convention and graduation on June 11 and 12. They praise the Lord for the 34 graduates of Level Two INSTE who received their diplomas or degrees and rejoice with the 197 graduates who finished their Level One studies in many places across the United States. We congratulate each of these men and women and thank the Lord for their dedication to the study of God's Word.
